Review our Talking Point Suggestions for LD 506. These are intended to help you develop testimony that resonates with you and with lawmakers. You can find them attached to this message, online at www.stopthecorridor.org, or contact us and we will forward them*.

Contact Transportation Committee Members and ask them to support LD 506.

Best formula: **Contact members + Submit Testimony + Attend Public Hearing**

Please know that any part you do will be helpful! Here are all the bases:

- 1) **Contact committee members individually** and ask them to support LD 506. In person or by phone is best, but email is good too. Committee contact information is attached, and at www.stopthecorridor.org.
- 2) **Submit official written testimony** in one or more of the following ways:
 - A. At the Public Hearing, please bring at least 20 copies of your testimony and give them to the committee clerk.
 - B. Submit written testimony to the Transportation Committee by email:
darlene.simoneau@legislature.maine.gov.
 - C. Submit written testimony to the Transportation Committee by post:
Darlene Simoneau, Transportation Committee Clerk, 100 State House Station, Augusta, Maine 04333.
 - D. Note, officially submitting written testimony is the only way that your input goes on the public record. **The deadline for submissions will be the Work Session on LD 506, which is not yet scheduled.** However, we recommend that testimony be submitted before the Public Hearing on March 26th. Your testimony will have the most impact if hard copies are received by the clerk in time to insert in committee file folders before the hearing.
- 3) **Testify before the Transportation Committee at the Public Hearing on Thursday, March 26th at 1pm in the State House, Room 126 in three minutes or less.** You may summarize your written testimony, or speak from your heart. The committee will not answer questions. The more support at the public hearing, the better, whether you decide to orally testify or not.

Join our Press Conference. Tentatively planned before the Public Hearing...stay tuned!
